

CHEESY CORN FLAKE POTATOES

Prep time: 40 min Cooking time: 1 hr. Makes 1 dish.

Ingredients

- 7 medium potatoes
- 1 can cream of mushroom (or asparagus)
- 1/2 cup chopped green onion (or 2 bunches)
- 1 1/2 cup grated cheddar cheese
- 1 cup crushed corn flakes (or wayyyy more)
- 1/4 cup butter (additional butter to drizzle on top too)
- 1 pint sour cream

Cooking Instructions

Peel and then cook potatoes till tender, I boil them for 20-25 minutes. Let cool a bit, grate in large bowl. Heat butter and soup. Blend sour cream, onion and cheese into soup. Mix potatoes and sauce in large, greased casserole dish. Sprinkle 1/2 cup (or more) corn flakes crumbs and drizzle 1 to 2 tablespoons butter over casserole. Bake at 325 for 1 hour, or 350 for 45 minutes? I think we did that for Thanksgiving.
